**FOR IMMEDIATE RELEASE**

**FAST WRAP ANNOUNCES TWO AREA DEVELOPMENT AGREEMENTS  
ADDING 17 FRANCHISES TO THEIR PORTFOLIO**

Reno, NV (August 10<sup>th</sup>, 2009) --Fast Wrap, the nation's only franchisor of shrink wrapping services, today announced the company's first area development agreements to open multiple locations in specific areas across the United States. The two agreements add a total of 17 franchises in South Carolina, North Carolina, Florida, Virginia Beach, Mississippi and Louisiana, areas that Fast Wrap expects to see rapid growth due to the marine industry, foreclosed home rates and the constant need for the varied disaster relief services offered by Fast Wrap.

Charlie Dobyms, VP of Franchise Development said these area development agreements are an example of the aggressive North American expansion that Fast Wrap continues to enjoy.

"Fast Wrap is a unique business model without any current competition," said Dobyms. "We are currently in multiple location negotiations with Ann Arbor, Michigan, Dallas/Ft Worth and Denver, Colorado. Fast Wrap has experienced over 200% growth since the inception of the franchise program in October 2008 resulting in a total of 28 franchises across the United States."

Fast Wrap has also received national recognition for its business model and services in Fortune Small Business, MSNBC's "Your Business", CNN Money, The Wall Street Journal, The New York Post, The Dallas Morning News, The San Francisco Chronicle and The Chicago Tribune. The company's founder, Mike Enos, was dubbed a "serial entrepreneur" by The Washington Post for his uncanny ability to think ahead of the current market conditions and pinpoint profitable business trends and ideas.

Fast Wrap's pioneering method of travelling to the customer to protect their property with environmentally-conscious materials began in 2007 with the opening of their flagship location in Reno, NV. This technique offers fortification from the elements for a plethora of options, such as boats, recreational vehicles, and equipment, furniture, freight and construction sites. Size is not a challenge for Fast Wrap, properties of the grandest scale can be sealed off from the most extreme weather and conditions, and in a timely manner. Another component to the company, "Same Day Shade", provides a reasonably priced and fresh alternative to renting canopies and tents for special events, fundraisers or parties. Even in catastrophic times, this company comes through with disaster relief, encapsulating

damaged structures and offering protection for victims or individuals assisting with dire situations.

### **About Fast Wrap**

Fast Wrap is the only national franchisor of shrink wrapping services. Fast Wrap's fleet of vans provides mobile shrink wrapping that weatherizes and protects recreational vehicles, equipment, farm products, shipping containers, weather-damaged structures and more. The "shrink to wrap" film is recyclable, fire-retardant and comes in four colors, including a proprietary green for environmentally and visually sensitive areas. Franchisees receive extensive training and support through an innovative franchise management system.
