FOR IMMEDIATE RELEASE

Fast-Growing Fast Wrap USA Launches Same Day Shade *New Franchise Feature Offers Affordable Shade, Fast*

RENO, Nev. (Spring, 2009) – Summertime is drawing near, or as it's otherwise known to many people across the country, event season. Fast Wrap USA, the highly successful, mobile shrink wrap and weatherization franchise expanding across the country, has developed a simple way to meet a common event need. For individuals and groups across the country planning successful, and often costly, occasions, Same Day Shade has now come to the rescue. This new feature being offered by Fast Wrap USA offers fast, weather-resistant protection for any gathering or need.

Until now, the only options in providing shelter from the elements during special events were to purchase or rent cumbersome and costly canopies, which got increasingly worn after multiple uses. These difficult to assemble, dirty contraptions can now be a thing of the past. Same Day Shades are brand new every time, can be professionally assembled in under an hour, and at a 25- to 30-percent savings off other options. In addition to the standard event canopy sizes, Same Day Shade presents a multitude of custom sizes, shapes, colors and components, all set up in a fraction of the usual time. As well, these functional and cost-effective special event canopies and tents are completely recyclable, and made from the finest plastic found anywhere in the world.

Whether preparing for a convention, festival, special occasion, corporate or family barbeque, wedding, sporting event or health fair, Same Day Shade has an appropriate shelter. Their available sidewalls, windows, doors and floors can be zippered, and even sprayed with an anti-microbial film, to create a completely protected, sterile environment suitable for the most delicate situations.

This simple solution to sheltering needs is obtained by making one quick phone call. Once a time and date is scheduled, two people will be dispatched from the nearest Fast Wrap USA

location to construct the Same Day Shade on-site. Usually assembled in under an hour, specialized orders aside, arrangements are also made for the canopy to be professionally taken down and shipped for recycling once use is complete.

For more information on Fast Wrap USA or Same Day Shade, please visit www.fastwrapusa.com, or call 877-FST-WRAP (378-9727) to schedule services.
