### That's a wrap

Lest you worry that no good has come out of the recent real estate collapse, we present you with the work of [Fast Wrap USA](#) -- a Reno-based company specializing in shrink-wrapping foreclosed properties to protect them from damage and decay. We've no idea how well this system actually works, but the general notion of abandoned buildings wrapped up like so many leftover turkey sandwiches is kind of delightful in a Christo-meets-Repo Man sort of way.
